Mr. Qurban Ali Jatoi, Chief Engineer, Irrigation Department

For the Respondent No. 5.

Called, absent.

Date of Final Hearing: 18-11-2025

Decided On: 24-11-2025

DECISION

The Appellant has filed the present appeal concerning a tender issued by the Irrigation Department. The tender in question, advertised under PRQ No. 799/25-8-2025 in the Daily Mashriq Quetta, pertains to the "Construction of Flood Protection Wall at Killi Mula Khail and Sara Khula Area, District Quetta" (TSE No. 252608825213), with an estimated cost of Rs.150,000,000/-. The Appellant contends that his submitted bid was fully compliant with all

stipulated eligibility requirements and that he satisfied the evaluation criteria as detailed in the tender documents.

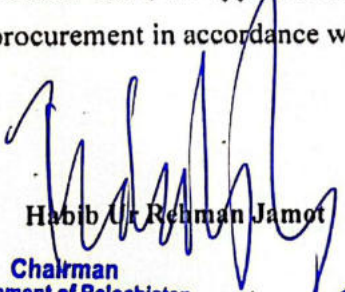

2. The Appellant further alleges that he submitted two similar projects with complete supporting documents, including work orders and completion certificates, yet the Evaluation Committee declared his firm technically non-responsive despite this evidence.

3. The Appellant initially filed a complaint with the Complaint Redressal Committee, but when the CRC failed to decide the matter within the statutory 18-day period, he invoked the jurisdiction of this Review Committee under Rule 56(A) of the Balochistan Public Procurement Rules 2014.

4. Notices were issued to Respondents to seek their comments/reply. The Procuring Agency filed a reply annexing the complete evaluation report, which showed the Appellant had submitted only one similar nature of work meeting the 50% estimated cost requirement with supporting documents. To provide an opportunity of hearing to the Private Respondent, the notice was issued however Respondent No. 5 did not appear. When specifically questioned by the Committee, the Appellant confirmed uploading two projects but failed to demonstrate that both concerned flood protection walls.

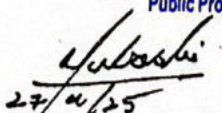

5. The bidding documents clearly specified experience in flood protection wall works, while the Appellant provided evidence of only one qualifying project, thus failing to meet the mandatory requirement of two similar nature works as per eligibility criteria.

6. The Committee finds that the Procuring Agency properly applied the published eligibility criteria in disqualifying the Appellant. Thus, the appeal is dismissed, and the Procuring Agency is directed to proceed with the procurement in accordance with the BPP Rules 2014.
